

1. Download and install XAMPP (This module was developed using XAMPP version 8.0.25-0).

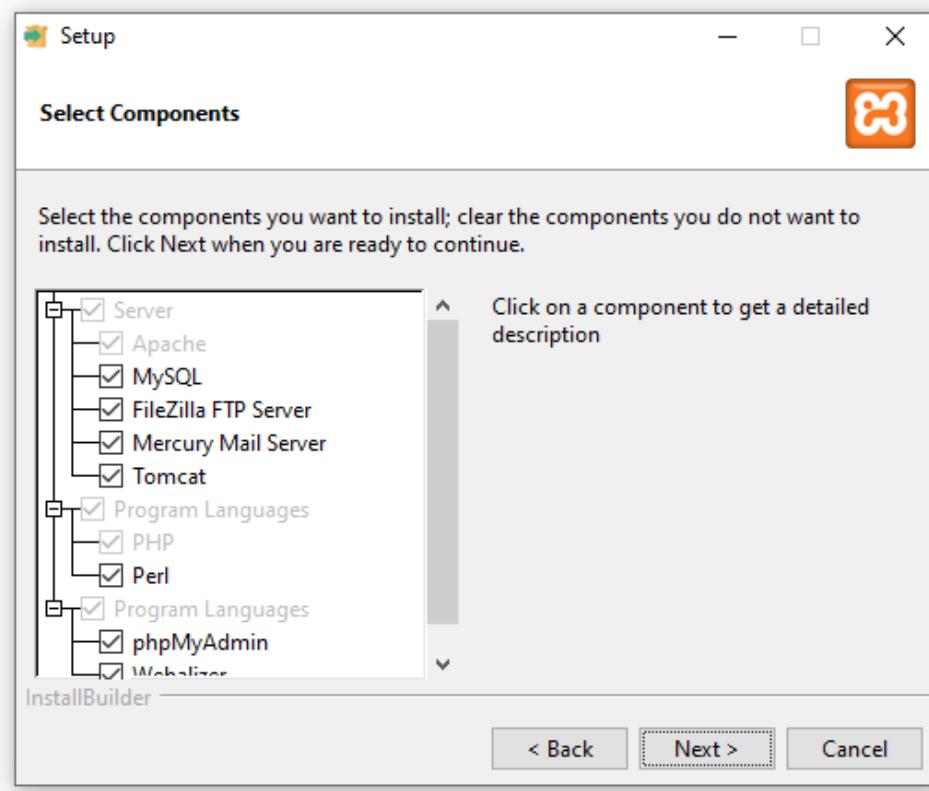

<https://www.apachefriends.org/download.html>

The screenshot shows the Apache Friends Download page. At the top, there are navigation links for Apache Friends, Download, Hosting, Community, and About. A search bar and a language selector (EN) are also present. The main content area has a large heading "Download". Below it, a sub-section titled "XAMPP for Windows" lists three versions: 8.0.28 / PHP 8.0.28, 8.1.17 / PHP 8.1.17, and 8.2.4 / PHP 8.2.4. Each entry includes a "What's Included?" link, MD5 and SHA1 checksums, and a "Download (64 bit)" button. The sizes of the downloads are 144 Mb, 148 Mb, and 149 Mb respectively. To the right of this table is a "Documentation/FAQs" sidebar with text about the lack of a manual and links to various FAQ sections. At the bottom of the main content area, there are links for "Requirements" and "More Downloads". A note at the very bottom states that Windows XP or 2003 are not supported.

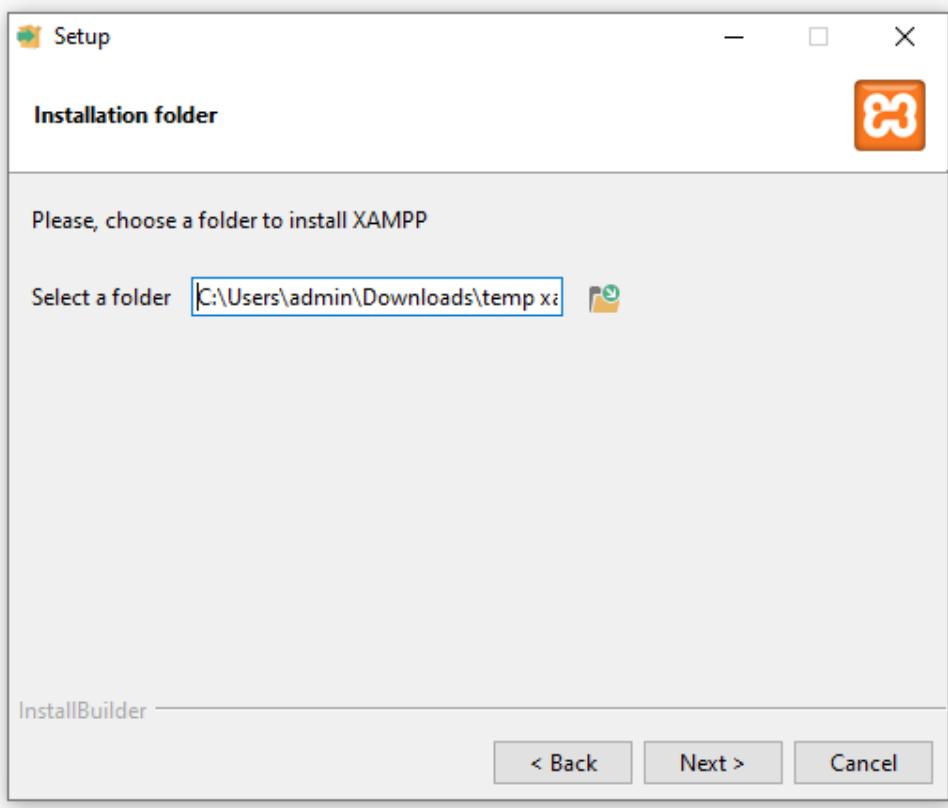

2. Launch the installer and click “Next”.

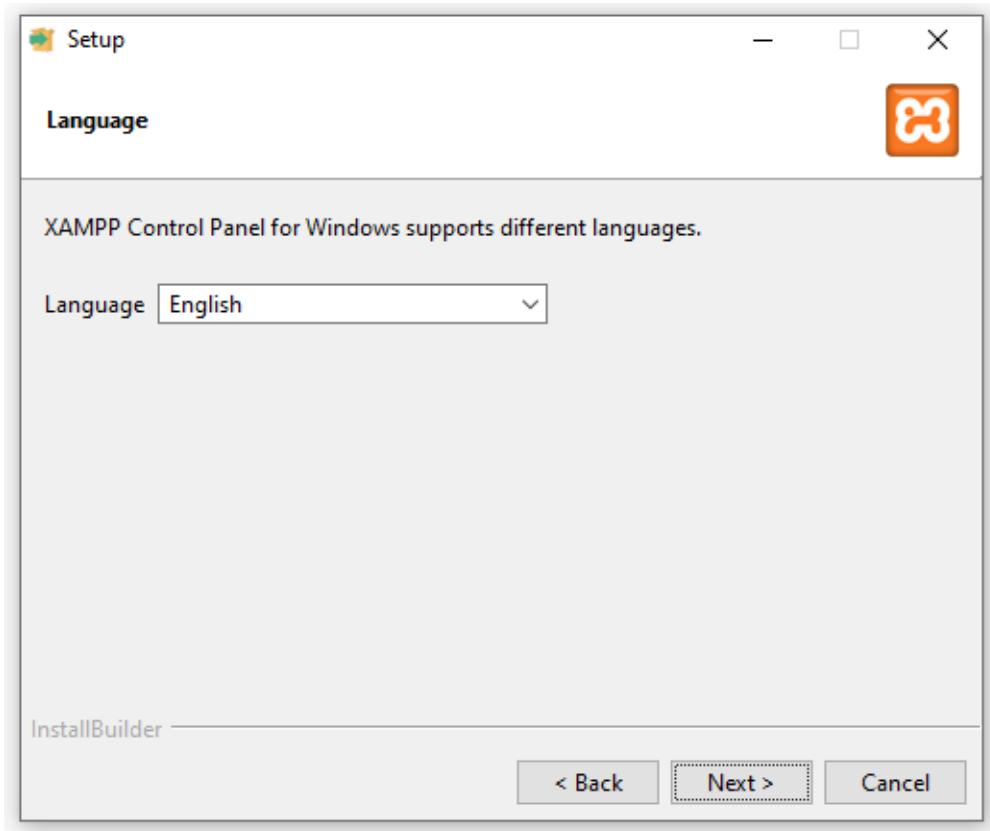

3. Click "Next".

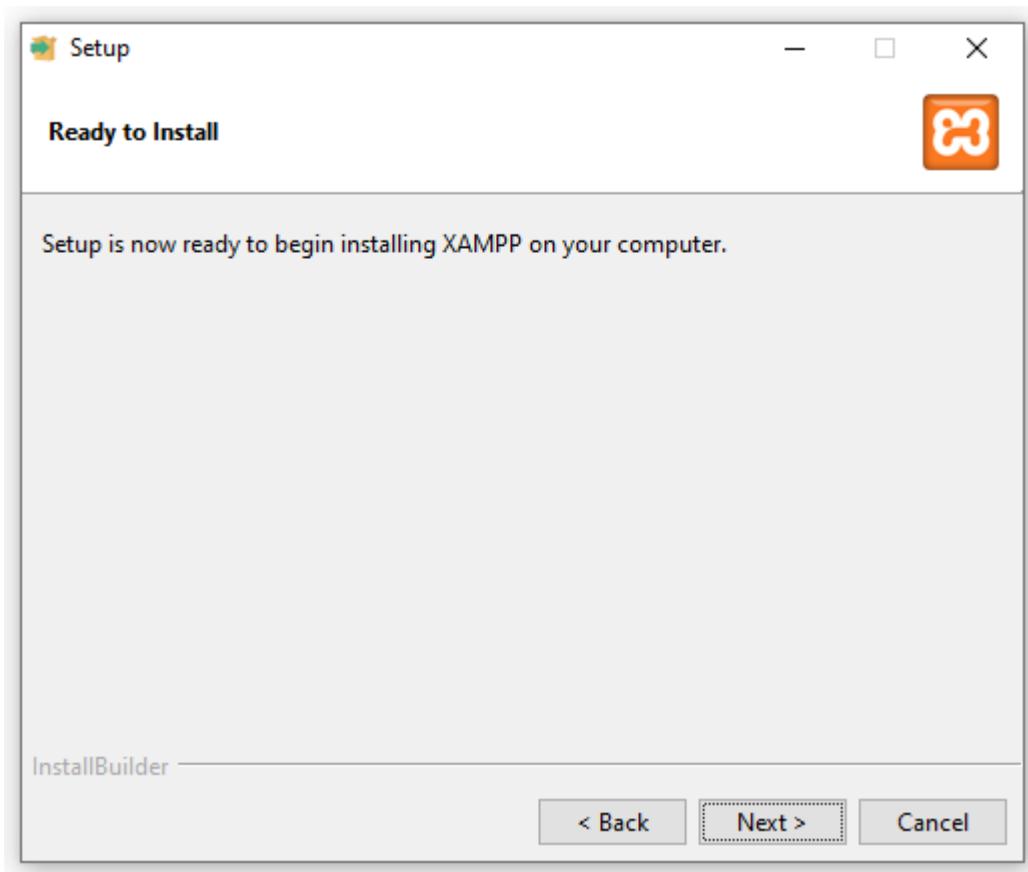

4. Choose installation folder and click next. The default installation folder is C drive.

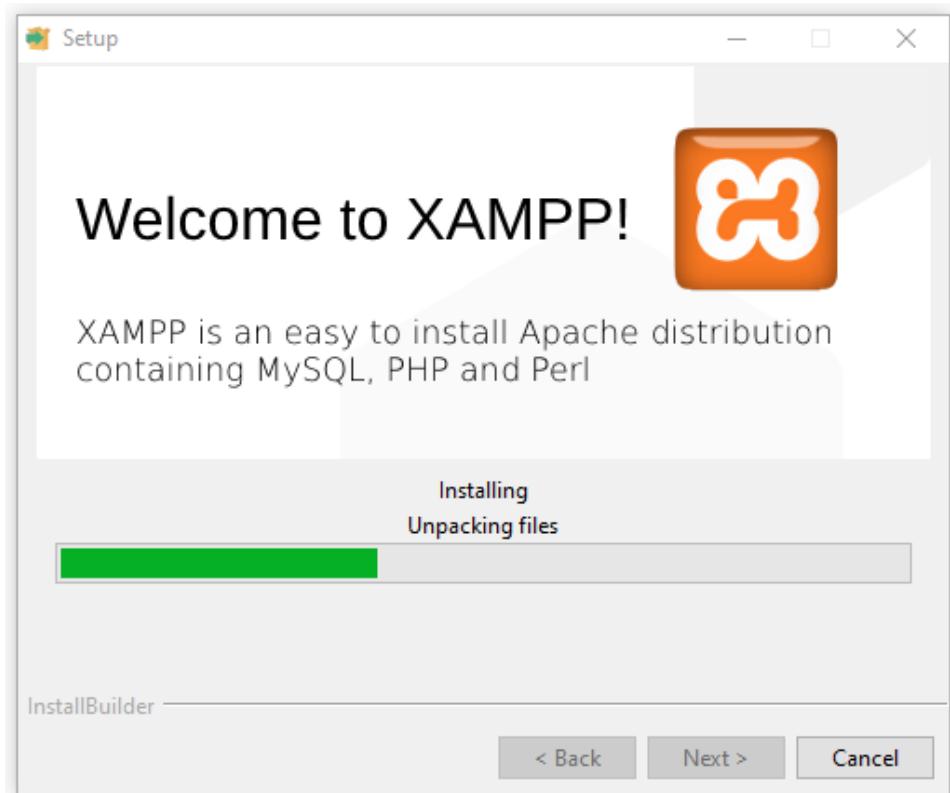

5. Choose language and click “Next”. Recommended language is English.

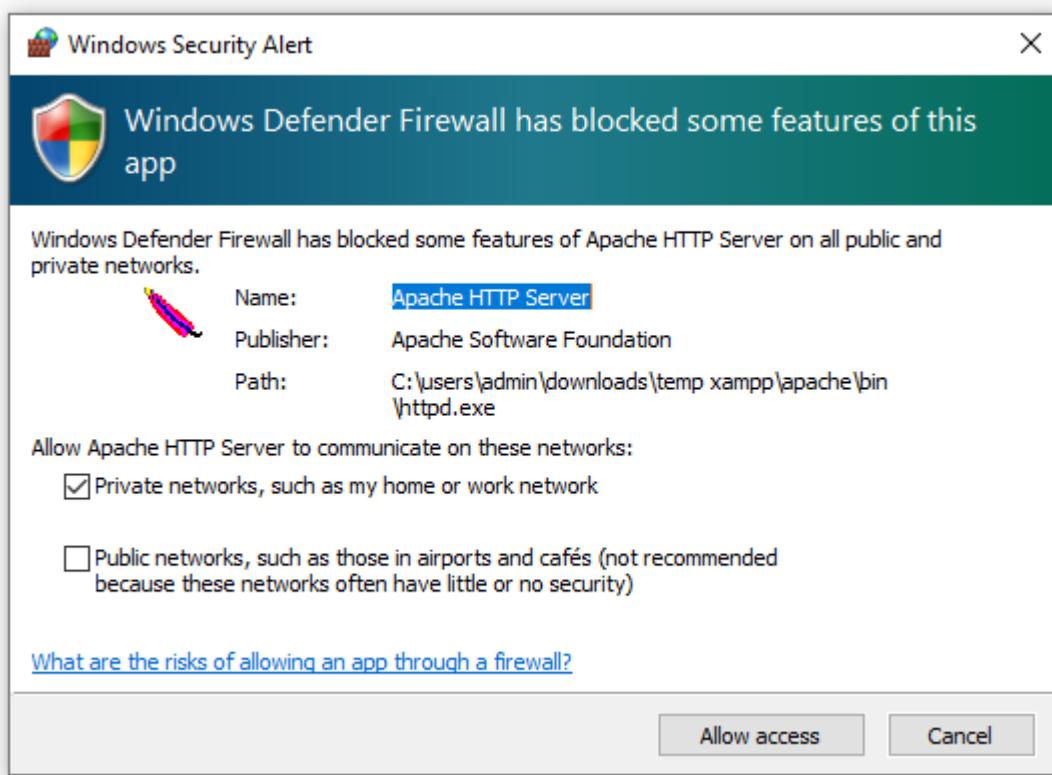

6. Click “Next” to begin the installation.

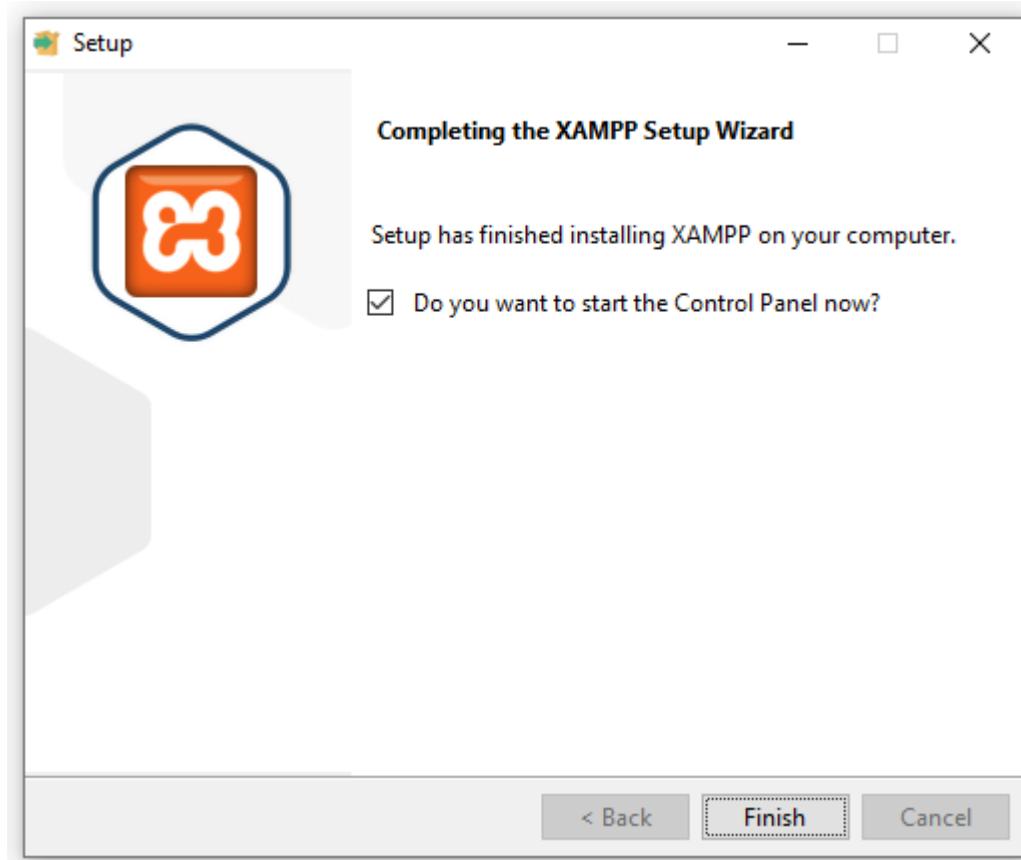

7. Wait for the installation to finish.

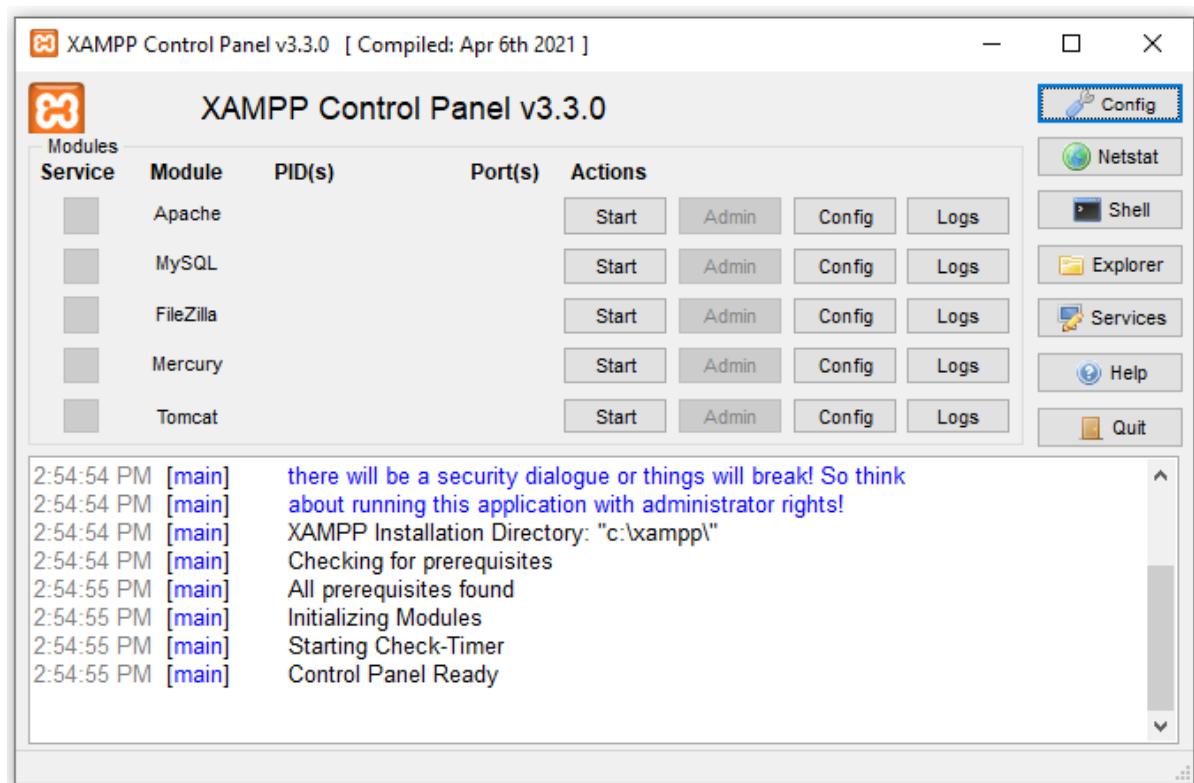

8. During installation, if a windows security alert popped up, just click “Allow Access”.

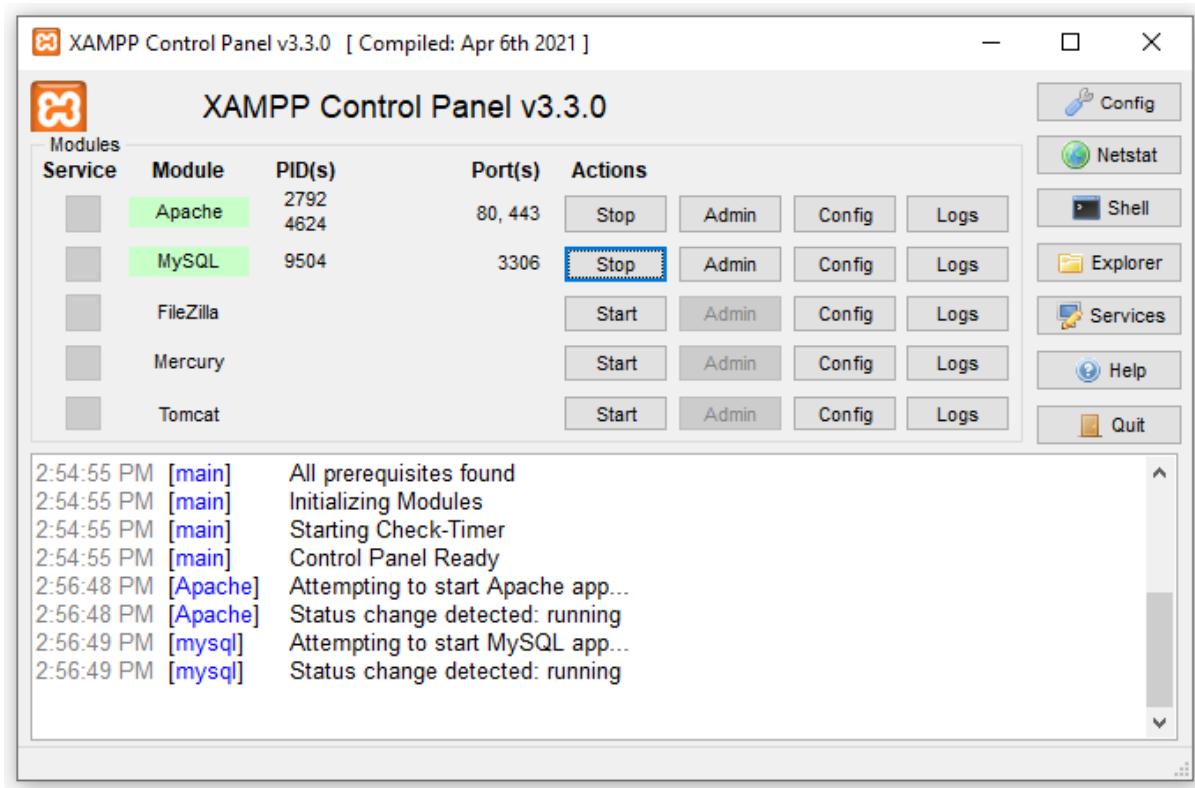

9. After installation, click “Finish” to launch XAMPP control panel.

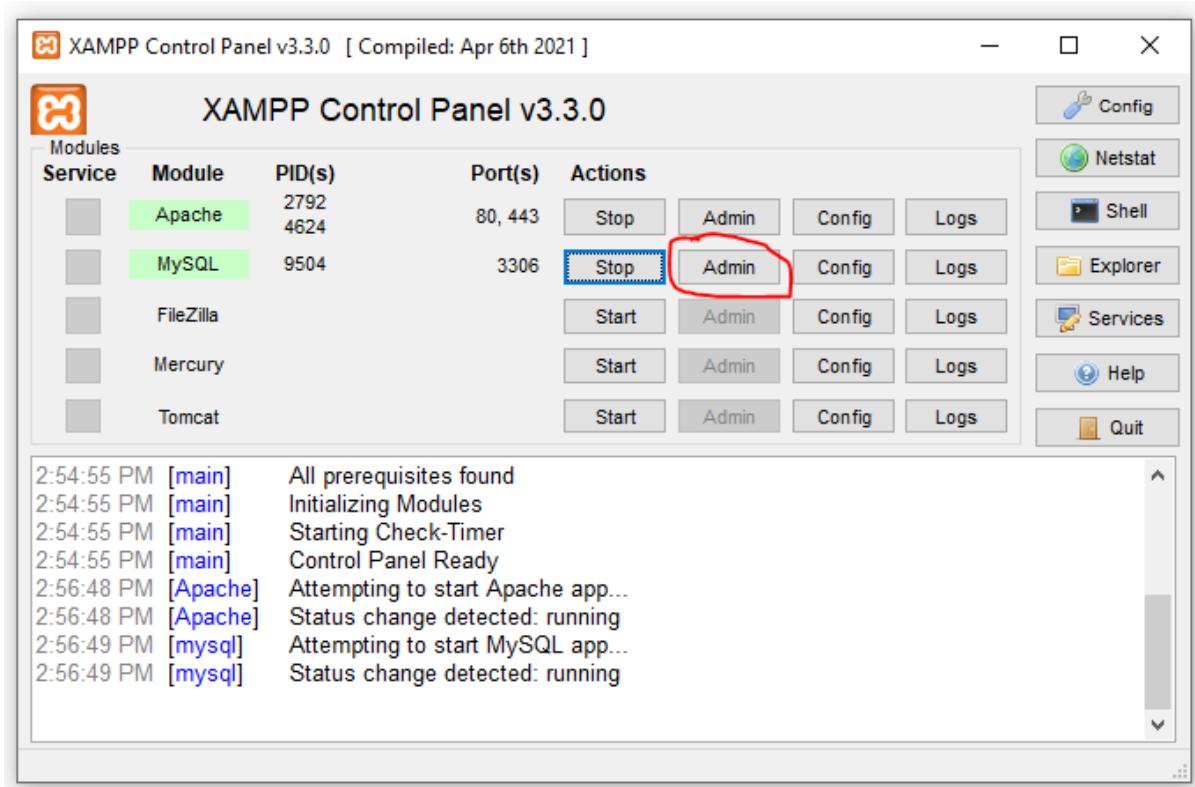

10. XAMPP Control Panel.

11. Start Apache and MySQL.

12. Click the “Admin” button of MySQL.

13. PHPMyAdmin page.

The screenshot shows the PHPMyAdmin interface with the following details:

- General settings:** Server connection collation is set to utf8mb4_unicode_ci.
- Appearance settings:** Language is English, Theme is pmahomme.
- Database server:** Server: 127.0.0.1 via TCP/IP, Server type: MariaDB, Server connection: SSL is not being used, Server version: 10.4.28-MariaDB - mariadb.org binary distribution, Protocol version: 10, User: root@localhost, Server charset: UTF-8 Unicode (utf8mb4).
- Web server:** Apache/2.4.56 (Win64) OpenSSL/1.1.1t PHP/8.0.28, Database client version: libmysql - mysqlnd 8.0.28, PHP extension: mysqli curl mbstring, PHP version: 8.0.28.
- phpMyAdmin:** Version information: 5.2.1 (up to date), Documentation, Official Homepage.

14. Click “New” to create new database.

The screenshot shows the PHPMyAdmin interface with the "New" button highlighted in red. The rest of the interface is identical to the previous screenshot, displaying general settings, database server information, and web server details.

15. Put “registration” as database name then click “Create”.

The screenshot shows the phpMyAdmin interface with the 'Databases' tab selected. A red circle highlights the 'Create database' input field where 'registration' is typed. Below it, the 'Create' button is visible. The database list table shows the newly created 'registration' database along with other system databases like information_schema, mysql, performance_schema, and phpmyadmin.

Database	Collation	Action
information_schema	utf8_general_ci	Check privileges
mysql	utf8mb4_general_ci	Check privileges
performance_schema	utf8_general_ci	Check privileges
phpmyadmin	utf8_bin	Check privileges
test	latin1_swedish_ci	Check privileges

16. Find the SQL folder inside the given Registration System Module Folder. Inside the SQL folder is a registration.sql file. This is the file that needs to be imported at registration database.

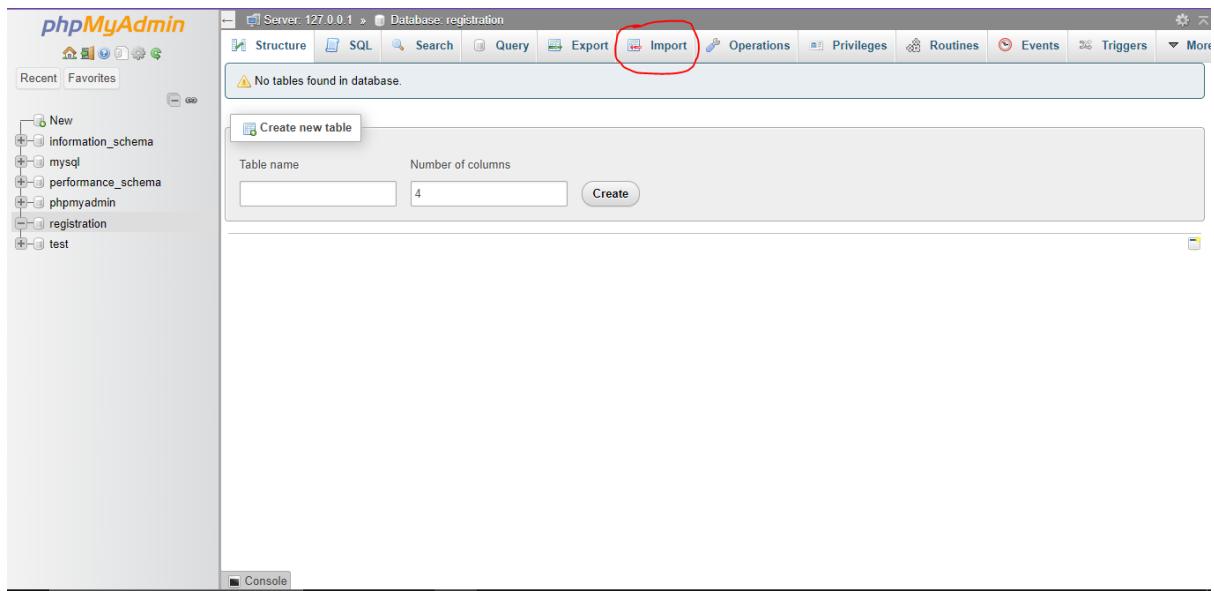

The screenshot shows the 'Registration System Module' directory structure. It includes a 'reg' folder, an 'SQL' folder which is highlighted, a 'GMail Account Info' text document, a 'Module Setup' Chrome HTML file, and a 'Registration System Module Walk Through' Chrome HTML file.

Name	Date modified	Type	Size
reg	4/19/2023 3:03 PM	File folder	
SQL	4/19/2023 3:02 PM	File folder	
GMail Account Info	4/19/2023 3:48 PM	Text Document	2 KB
Module Setup	4/19/2023 3:43 PM	Chrome HTML Do...	1,375 KB
Registration System Module Walk Through	4/19/2023 1:56 PM	Chrome HTML Do...	5,098 KB

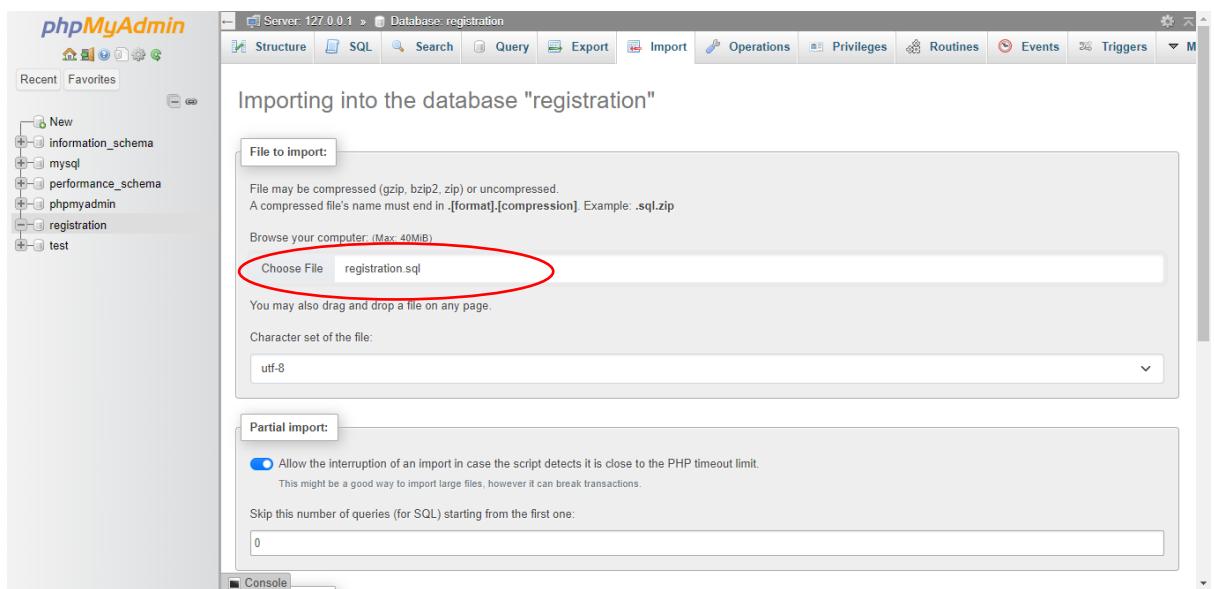

The screenshot shows the 'SQL' folder contents. It contains a single file named 'registration' with a size of 136 KB, which is identified as an 'SQL Source File'.

Name	Date modified	Type	Size
registration	4/17/2023 9:55 AM	SQL Source File	136 KB

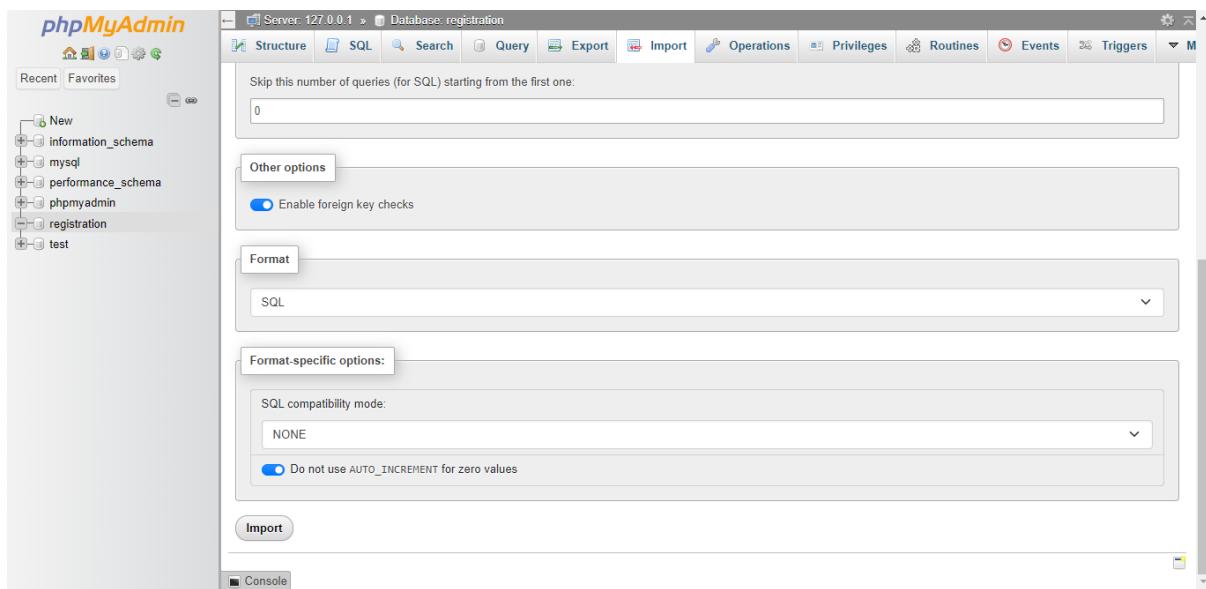

17. Click "Import".

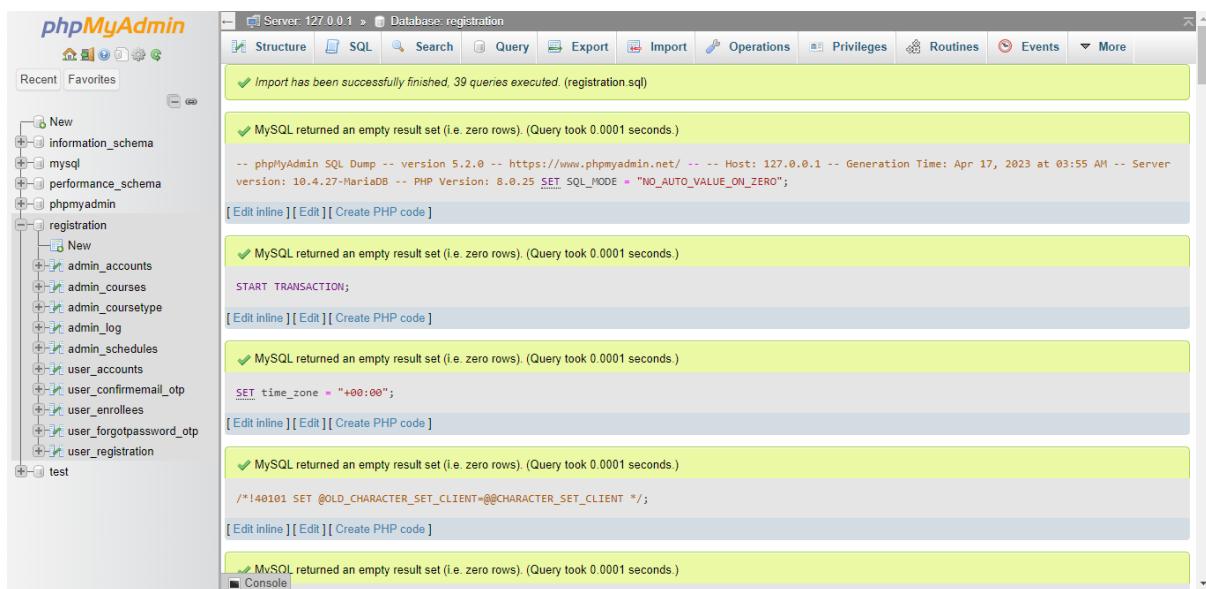

18. Choose the registration.sql file.

19. Scroll down and click “Import”.

20. If the import is successful, you will see messages like this. After that you can close the PHPMyAdmin tab.

21. Find the “reg” folder inside the given Registration System Module folder and copy it. The reg folder contains the source codes for the module.

Name	Date modified	Type	Size
reg	4/19/2023 3:03 PM	File folder	
SQL	4/19/2023 3:02 PM	File folder	
GMail Account Info	4/19/2023 3:48 PM	Text Document	2 KB
Module Setup	4/19/2023 3:43 PM	Chrome HTML Do...	1,375 KB
Registration System Module Walk Through	4/19/2023 1:56 PM	Chrome HTML Do...	5,098 KB

22. Go to XAMPP folder. It is usually located in the C Drive folder.

Name	Date modified	Type	Size
\$WinREAgent	4/12/2023 12:53 PM	File folder	
Intel	5/28/2022 10:23 AM	File folder	
PerfLogs	12/7/2019 5:14 PM	File folder	
Program Files	2/27/2023 8:15 PM	File folder	
Program Files (x86)	4/12/2023 12:15 PM	File folder	
ProgramData	3/16/2023 2:08 PM	File folder	
Python310	8/1/2022 12:18 PM	File folder	
Tasm 1.4	2/7/2023 1:30 PM	File folder

xampp	4/19/2023 2:49 PM	File folder	
applications	6/16/2022 12:07 AM	Chrome HTML Do...	4 KB
bitnami	6/16/2022 12:07 AM	Cascading Style S...	1 KB
favicon	7/16/2015 11:32 PM	Icon	31 KB
GCC	3/7/2023 11:23 AM	WinRAR ZIP archive	295 KB
index	7/16/2015 11:32 PM	PHP Source File	1 KB

25. Launch your browser and go to <http://localhost/reg/login.php> (Make sure that Apache and MySQL in XAMPP control panel is still running).

This is the user side.

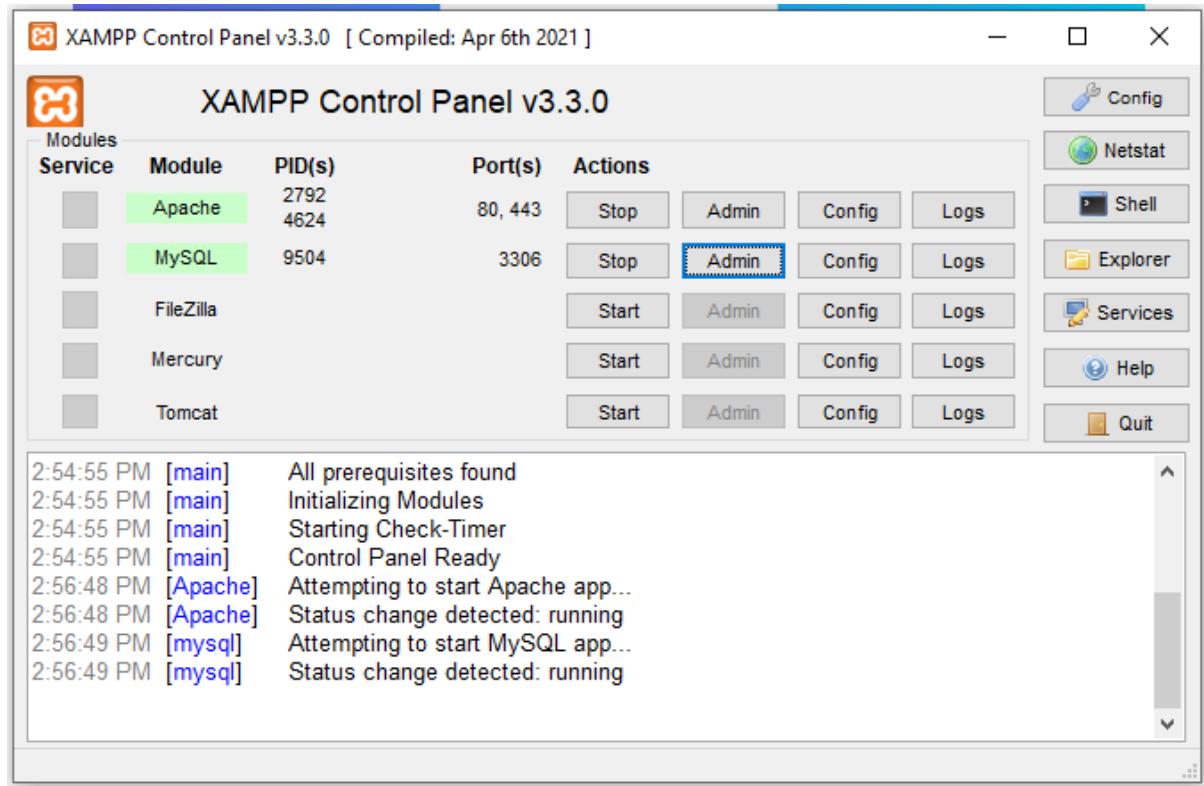

26. To view the admin side, go to <http://localhost/reg/admin/login.php>

27. For the complete walk through of the Registration System Module, please refer to the "Registration System Module Walk Through.pdf". You can find it inside the given Registration System Module folder.

Name	Date modified	Type	Size
reg	4/19/2023 3:03 PM	File folder	
SQL	4/19/2023 3:02 PM	File folder	
GMail Account Info	4/19/2023 3:48 PM	Text Document	2 KB
Module Setup	4/19/2023 3:43 PM	Chrome HTML Do...	1,375 KB
Registration System Module Walk Through	4/19/2023 1:56 PM	Chrome HTML Do...	5,098 KB

28. Once you are done testing the module, logout and close the tab. In the XAMPP control panel, click "Stop" to stop Apache and MySQL from running. After that you can now close the XAMPP control panel.

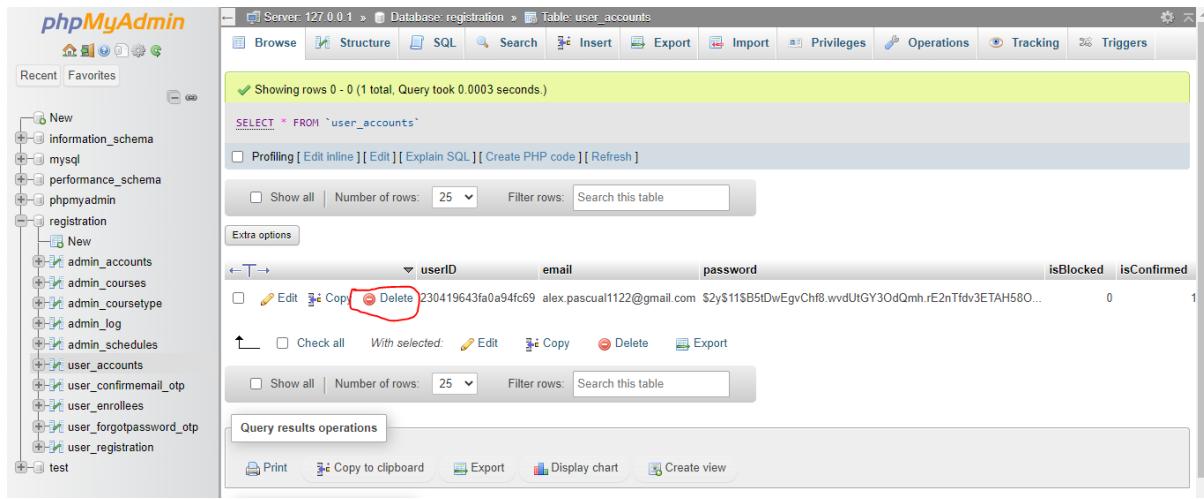

Notes / Suggestions:

1. Add create admin account function. As of now, there is no create admin function. The super admin account was just entered directly to the database table. That is also the reason why the password column in the admin_accounts table is not encrypted.

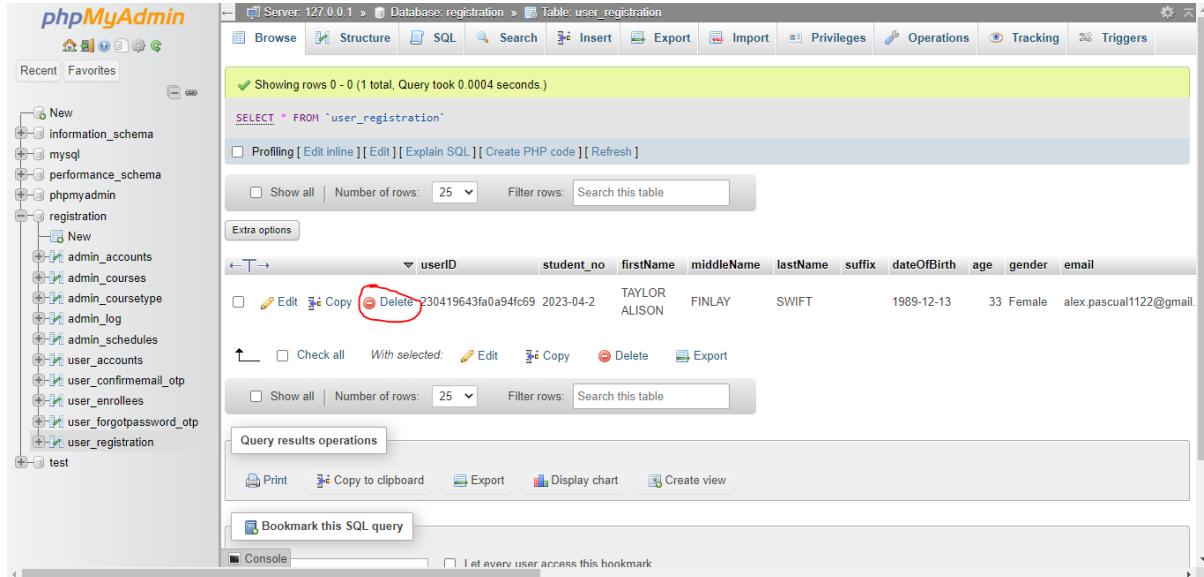

adminID	adminPosition	name	email	password	isBlocked	login_attempts	createdAt
2023-001	Super Admin	Admin	dictr16@gmail.com	@Admin1234	0	0	2023-04-19 15:10:17

2. Add more security features like making the admin side only accessible on certain IP address.

3. Currently, there is no delete user account function the module. To delete the sample user account, just go to user_accounts and user_registration table and delete the rows there.

The screenshot shows the phpMyAdmin interface for the 'user_accounts' table. The table has columns: userID, email, password, isBlocked, and isConfirmed. A single row is selected, and the 'Delete' link in the actions bar is highlighted with a red circle. The row data is: userID 230419643fa0a94fc69, email alex.pascual1122@gmail.com, password \$2y\$11\$B5tDwEgvChf8vvdUtGY3OdQmh.rE2nTfdv3ETAH58O..., isBlocked 0, isConfirmed 1.

The screenshot shows the phpMyAdmin interface for the 'user_registration' table. The table has columns: userID, student_no, firstName, middleName, lastName, suffix, dateOfBirth, age, gender, and email. A single row is selected, and the 'Delete' link in the actions bar is highlighted with a red circle. The row data is: userID 230419643fa0a94fc69, student_no 2023-04-2, firstName TAYLOR, middleName FINLAY, lastName SWIFT, suffix null, dateOfBirth 1989-12-13, age 33, gender Female, email alex.pascual1122@gmail.com.

4. You can delete the sample course type, courses, and schedules in the module using the delete button available there. However, there is no delete enrollees function so you won't be able to delete schedules with enrollees. To delete the sample enrollees go to user_enrollees table.

The screenshot shows the phpMyAdmin interface for a database named 'registration'. The left sidebar lists various schemas and tables. The main area is focused on the 'user_enrollees' table. The 'SQL' tab is active, showing the query:

```
SELECT * FROM `user_enrollees`
```

The results table displays two rows of data:

courseID	course_code	userID	student_no	sched_no	receipt	payment_status	enrollment_status	enrolled_at
2023-1	JVPRGRMMNG	230419643fa0a94fc69	2023-04-2	JVPRGRMMNG-2023-1stSem-01	receipts/2023-04-2_JVPRGRMMNG-2023-1stSem-01.jpg	UNPAID	For Evaluation	2023-04-19 16:09:00
2023-1	PRGRMMNGBSCS	230419643fa0a94fc69	2023-04-2	PRGRMMNGBSCS-2023-1stSem-01	NULL	UNPAID	For Evaluation	2023-04-19 16:09:03

Go to SQL tab.

This screenshot is identical to the one above, showing the phpMyAdmin interface for the 'registration' database. The 'SQL' tab is highlighted with a red circle. The results table shows the same two rows of data from the user_enrollees table.

Enter the following query “DELETE FROM user_enrollees;” then click “Go”. This query will **DELETE ALL** of the rows in the user_enrollees table so don’t do this if the table already contains real enrollees.

The screenshot shows the phpMyAdmin interface. On the left, the database structure is visible, including the 'registration' database and its tables: New, information_schema, mysql, performance_schema, phpmyadmin, registration, New, admin_accounts, admin_courses, admin_coursetype, admin_log, admin_schedules, user_accounts, user_confirmemail_otp, user_enrollees, user_forgotpassword_otp, and user_registration. The 'user_enrollees' table is selected. In the main area, the SQL query 'DELETE FROM user_enrollees;' is typed into the 'Run SQL query/queries on table registration.user_enrollees:' input field. To the right of the query, the table structure is shown with columns: courseID, course_code, userID, student_no, sched_no, receipt, payment_status, enrollment_status, and enrolled_at. Below the query field are several buttons: SELECT*, SELECT, INSERT, UPDATE, DELETE (which is highlighted), Clear, Format, Get auto-saved query, Bind parameters, Bookmark this SQL query, Delimiter :, Show this query here again, Retain query box, Rollback when finished, Enable foreign key checks, Simulate query, and Go.

Click “Ok”.

This screenshot shows the same phpMyAdmin interface as the previous one, but with a modal dialog box centered over the screen. The dialog box has a dark background and contains the text 'localhost says' followed by 'Do you really want to execute "DELETE FROM user_enrollees;"?'. At the bottom of the dialog are two buttons: 'OK' and 'Cancel'. The rest of the interface, including the sidebar and the SQL query editor, is visible behind the dialog.

Once the rows in the user_enrollees are deleted, you can now proceed to the Registration System Module and delete the sample schedules, courses, and course types using the delete button there.

Admin Login Page

- Empty email field, password field, and unchecked reCAPTCHA will make the login button disabled. Admin can only login when all three fields are not empty.

Admin Dashboard

- This is where all active schedules are displayed. Active schedules mean schedules with open, closed, on-going, and re-sched status.
- Upon admin log in, a function automatically runs to update the schedules' status to closed, on-going, or ended.
- Free courses will be closed 1 day before the start date while premium courses will be closed 2 days before the start date. Saturday and Sunday are not included so for example when a premium course starts on Monday, the schedule will close at Thursday. When a schedule is closed, it is no longer displayed on the users' courses page preventing them to enroll.

- Together with automatic update function, there is also a function that updates the notes on each schedule. Notes like closing soon, closed today, starts today, ends today are also updated in every admin login. These notes are also visible in the users' side.
- "Closing soon!" note is displayed 3 days before the schedule's closing date.
- "Closed today!" note is displayed on the closing date of the schedule. Premium courses close 2 days before the start date while free courses close 1 day before the start date.
- "Starts today!" note is displayed on the start date of the schedule.
- "Ends today!" note is displayed on the end date of the schedule.
- Once the schedule status is set to ended or cancelled, it is no longer displayed in the admin dashboard.

- Edit course type name

The screenshot shows a web application interface for managing course types. At the top, there is a navigation bar with links: Home, Courses, Schedules, User Accounts, History, and Logout. The main title is "Course Types". A "Create New" button is visible. Below the title, there is a table with three rows, each containing a course type name: "SAMPLE", "CO", and "PRO". Each row has a "View", "Edit", and "Delete" button. A modal dialog box is open over the table, titled "Edit SAMPLE". It contains a "New Name:" input field with the value "sample edited". There are "Cancel" and "Update" buttons at the bottom of the dialog. At the bottom of the page, there is a message "Total number of records: 3" followed by "Previous", "1", and "Next" buttons, and a note "Page 1 of 1".

Admin Courses page

- Course types Delete Button

The screenshot shows a dark-themed web application interface for managing course types. At the top, there is a navigation bar with links: Home, Courses, Schedules, User Accounts, and History. On the far right of the navigation bar is a blue "Logout" button. Below the navigation bar, the main title "Course Types" is centered in a large, bold, black font. Underneath the title is a blue rectangular button labeled "Create New". Further down, there is a section titled "PROGRAMMING COURSES" followed by three buttons: "View", "Edit", and "Delete". A modal dialog box is displayed in the center of the screen, containing the text: "Are you sure you want to delete PROGRAMMING COURSES and all its related contents?". At the bottom of this dialog are two blue buttons: "Cancel" and "Delete".

Admin Course page

- Admin cannot delete course types with contents inside like courses, schedules, and enrollees.

The screenshot shows a dark-themed administrative interface. At the top, there is a navigation bar with links for Home, Courses, Schedules, User Accounts, and History, along with a Logout button. The main content area has a light blue background. A large, bold title "Course Types" is centered at the top of the content area. Below the title is a blue rectangular button labeled "Create New". Underneath the button, a red error message states: "You cannot delete PROGRAMMING COURSES (Course ID: 2023-1). Courses, Schedules, Enrollees were found under this course type." Below the message, the course name "PROGRAMMING COURSES" is displayed in bold capital letters, followed by three buttons: "View", "Edit", and "Delete". Further down, the text "Total number of records: 1" is shown, followed by a page navigation bar with "Previous", a highlighted "1", and "Next" buttons. At the bottom of the page, it says "Page 1 of 1".

Admin Schedules / View Schedule page

- Delete button

The screenshot shows a web application interface for managing schedules. At the top, there is a navigation bar with links: Home, Courses, Schedules, User Accounts, History, and Logout. Below the navigation bar, the main content area displays a schedule entry for "Schedules / JVPRGRMMNG-2023-1stSem-01" with a course type of "PROGRAMMING COURSES". The schedule details include:

- Course Code: JVPRGRMMNG
- Course Name: JAVA Programming
- Course Category: PREMIUM
- Description: JAVA Programming trial
- Min. Participants: 10
- Govt. Fee: 3000
- Max. Participants: 40
- Private Fee: 5000
- Cut-off Grade: 80
- Student Fee: 1500
- Checkboxes: Proficiency (unchecked), Programming (checked), Partnership (unchecked)

A modal dialog box is centered over the schedule details, prompting the user to confirm the deletion of the course "JAVA Programming" and its related contents. The dialog contains the following text and buttons:

Are you sure you want to delete **JAVA Programming** and all its related contents?

The background of the page is dimmed, indicating an active modal.

Admin Schedules / View Schedule page

- Admin cannot delete a course schedule with enrollees.

The screenshot shows a web application interface for managing course schedules. At the top, there is a navigation bar with links for Home, Courses, Schedules, User Accounts, and History, along with a Logout button. Below the navigation bar, the main content area displays a schedule for 'JAVA Programming'. The schedule details include:

- Course Code: JVPRGRMMNG
- Course Name: JAVA Programming
- Course Category: PREMIUM
- Description: JAVA Programming training course for beginners.
- Min. Participants: 10
- Govt. Fee: 3000
- Max. Participants: 40
- Private Fee: 5000
- Cut-off Grade: 80
- Student Fee: 1500
- Checkboxes at the bottom: Proficiency (unchecked), Programming (checked), Partnership (unchecked)

A modal window is overlaid on the page, titled 'Delete'. It contains a message in red text: "You cannot delete this JVPRGRMMNG-2023-1stSem-01 schedule. Enrollees were found under this schedule." Below the message, there are fields for 'Sem': '1st' and 'Sched no.': 'JVPRGRMMNG-2023-1stSem-01'. The modal also includes fields for 'Class type': 'Regular' and 'Status': 'On-going', as well as date and time inputs for 'Start Date' (04/17/2023), 'End Date' (06/02/2023), 'Start Time' (08:30 AM), and 'End Time' (12:00 PM). There are also fields for 'No. of hours': '104' and 'Venue': 'DICT Valenzuela'. At the bottom of the modal, there are 'Cancel' and 'Update' buttons.

Admin Schedules / View Schedule page

Admin Schedules / View Schedule page

- Send Email. Clicking the send email button will redirect the admin to send email page where they can select who can receive the email and compose the email body.

The screenshot shows a web-based administrative interface for managing schedules. At the top, there is a navigation bar with links for Home, Courses, Schedules, User Accounts, and History, along with a Logout button. Below the navigation bar, the current page title is "Schedules / JVPRGRMMNG-2023-1stSem-01 / Send Email".

Key details displayed on the page include:

- Course Type:** PROGRAMMING COURSES
- Course:** JAVA Programming
- Sched No.:** JVPRGRMMNG-2023-1stSem-01

Below these details are several filter options: Payment Status (dropdown), Enrollment Status (dropdown), and a "Clear Filters" button. There are also input fields for "To:" (with a dropdown menu showing "Select recipient") and "Subject".

The main content area features a rich text editor toolbar with standard functions like File, Edit, View, Insert, Format, Tools, and Table, as well as buttons for bold (B), italic (I), underline (U), and other styling options. The editor's status bar at the bottom indicates "0 words" and "tiny".

A prominent blue "Send" button is located at the bottom right of the editor area.

Admin Schedules / View Schedule page

- Send Email. Clicking the send email button will redirect the admin to send email page where they can select who can receive the email and compose the email body.
- Payment status and enrollment status filter are available to help admin to filter the enrollees in case they need to send email to specific enrollees.
- Dropdown of enrolled students is available in the recipient field to allow admin to select all enrollees or individual enrollee. Contents of this dropdown is dynamic. If no filter is applied, the dropdown will contain all the names of the enrollees, if filter is applied dropdown will contain names of the enrollees under the selected category.

The screenshot shows a web-based administrative interface for managing schedules. At the top, there is a navigation bar with links for Home, Courses, Schedules, User Accounts, and History, along with a Logout button. The main content area displays course details: Course Type: PROGRAMMING COURSES, Course: JAVA Programming, and Sched No.: JVPRGRMMNG-2023-1stSem-01. Below this, there are two dropdown filters: 'Payment Status' and 'Enrollment Status', each with a 'Clear Filters' button. A large 'To:' dropdown menu is open, showing a list of names: Select recipient, Select recipient, All, SWIFT, TAYLOR ALISON FINLAY, PASCUAL, ALEXANDRA MARIE PEÑAFLOR, and RIVERA, RANDOLF. The interface includes a rich text editor toolbar with icons for back, forward, bold, italic, underline, and more. At the bottom, it shows a word count of 0 words and a tiny logo, followed by a prominent blue 'Send' button.

Admin Schedules / View Schedule page / View Receipt

- The view receipt page opens in a new tab. In here, admin can download or delete the receipt. Delete function is added in case when the user uploaded wrong image. The admin needs to delete the receipt first so user can upload again. Deleting user's receipt is logged in the history page.

The screenshot shows a web browser window with two tabs: "JVPRGRMMNG-2023-1stSem-01" and "Receipt". The "Receipt" tab is active, displaying a "Payment Receipt" for student number 2023-04-2, name SWIFT, TAYLOR ALISON FINLAY, and payment for PROGRAMMING COURSES / JAVA Programming / JVPRGRMMNG-2023-1stSem-01. Below the payment receipt are three identical "CASH RECEIPT" forms, each enclosed in a red border. Each cash receipt form has fields for Received From, Address, Date, Total Due, Amount Paid, Balance Due, Cash, Check, Money Order, and By. A blue "Delete" button is located at the bottom of the receipt section.

Admin Schedules / View Schedule page

- Delete receipt log in history page.

The screenshot shows a web browser window with the title "History" and the URL "localhost/v14/admin/history.php". The browser interface includes a navigation bar with links for Home, Courses, Schedules, User Accounts, and History, along with a Logout button and user profile icon. The main content area is titled "History" and contains a table of log entries. The table has three columns: "Timestamp", "Name", and "Action". The "Timestamp" column shows dates from April 17, 2023, at various times. The "Name" column shows either "Admin" or "System". The "Action" column details specific system updates, such as deleting payment receipts and changing course section statuses from "On-going" to "Closed" or vice versa. At the bottom of the table, it says "Total Number of Records: 1017". Below the table is a navigation bar with buttons for "Previous", page numbers 1 through 10, and "Next".

Admin Schedules / View Schedule page

- The last column of the enrollees table is where admin can update enrollee's enrollment status.
- Admin cannot set enrollee's enrollment status to cancelled because that option is disabled for admin. Cancelled status is automatically reflected when a user cancels their enrollment. Once the enrollment status is set to cancelled, the whole status dropdown is disabled and can no longer be changed.

REMINDERS

A. Payments (for premium courses)

1. Participants must wait for the confirmation of application from the Registrar's Office before paying for the course. The Registrar's Office will also issue detailed payment instructions that should be followed.
2. Payment must be made two weeks before the start of the training course. Participants who failed to pay before the start of the training course will not be allowed to join.
3. Payments must be made onsite at the Cashier's Office of the DICT at Carlos P. Garcia Avenue, Diliman, Quezon City.
4. In cases of payment deferment, participants or government agencies must submit a written justification on the cause of deferment to the Registrar's Office three weeks before the start of the training course. The said justification letter is subject to evaluation and approval of the ILCDB Director.

B. Refund (for premium courses)

100% refund shall apply in any of the following cases:

1. If the course is cancelled
2. If the course is re-scheduled and the participant cannot attend the new schedule.
3. If the participant defers not later than ten (10) working days before the start of the course.

*Please download the full copy of the General Rules and Regulations for Participants of ILCDB Training and Seminars [here](#) and sign the last page (Applicant's Undertaking).

REMINDERS

A. Payments (for premium courses)

1. Participants must wait for the confirmation of application from the Registrar's Office before paying for the course. The Registrar's Office will also issue detailed payment instructions that should be followed.
2. Payment must be made two weeks before the start of the training course. Participants who failed to pay before the start of the training course will not be allowed to join.
3. Payments must be made onsite at the Cashier's Office of the DICT at Carlos P. Garcia Avenue, Diliman, Quezon City.
4. In cases of payment deferment, participants or government agencies must submit a written justification on the cause of deferment to the Registrar's Office three weeks before the start of the training course. The said justification letter is subject to evaluation and approval of the ILCDB Director.

B. Refund (for premium courses)

100% refund shall apply in any of the following cases:

1. If the course is cancelled
2. If the course is re-scheduled and the participant cannot attend the new schedule.
3. If the participant defers not later than ten (10) working days before the start of the course.

*Please download the full copy of the General Rules and Regulations for Participants of ILCDB Training and Seminars here and sign the last page (Applicant's Undertaking).
